Guided Tour of the Bell Pettigrew Museum

Led by the School of History PhD Candidate, Conall Treen

Join us on a thought-provoking tour of the University of St Andrews' Bell Pettigrew Museum, where we will explore the colonial histories of natural science specimens from islands across the world. Taking a critical approach to the Museum's displays and specimens' labels, this tour engages with the imperial and colonial legacies that have shaped the University's collections and are still felt by island communities today. From *kākāpōs* to oyster shells, this tour discusses themes of colonial collecting, indigenous histories, and biodiversity conservation.

Guided Tour of the Ruins of St Andrews Castle, Cathedral and St Rule's Tower*

Led by Historic Environment Scotland Guides

St Andrews Castle ruins are steeped in the Scottish Reformation's struggle for hearts and minds. The castle served as a bishop's palace, fortress, and state prison across its 450-year history. Construction of St Rule's Cathedral began in 1160 by Bishop Arnold, continuing for 150 years. However, storms in 1272 and the Scottish War of Independence halted progress. St Rule's Tower, at 33m tall, became a pilgrim site for St Andrew's shrine and now offers unique views across the Royal Burgh. *Please note that accessing St Rule's Tower is subject to good weather conditions, access is by a narrow and steep medieval staircase. There is no disabled access.

Self-guided Tour of the Royal and Ancient (R&A) World Golf Museum*

St Andrews is the home of golf. Did you know that in 1457, King James II, via an Act of Parliament, banned Scots from playing golf? The R&A World Golf Museum's immersive galleries bring the past, present and future of golf to life around you. Thousands of fascinating objects reveal hidden stories of the game and personalities. Explore over 400 years of golf's history on your self-guided tour of the outstanding sporting collection, rooted in St Andrews, recognised worldwide as the home of golf. Connect with the medieval origins of the game and discover its global development through golf's earliest societies, evolving equipment, groundbreaking fashion and world-class championships – including golf's oldest Major, The Open. *Please note that space will be limited. See: <https://www.worldgolfmuseum.com>
